

# TEXARKANA COLLEGE Community & Business Education

## Clinical Medical Assistant Course w/Clinical Externship Allied Health Program

This program is intended for students who want to prepare for an exciting, challenging and rewarding career in healthcare. This program will train students to assist physicians by performing functions related to the clinical responsibilities of a medical office. Instruction includes among other things preparing patients for examination and treatment, routine laboratory procedures, diagnostic testing, technical aspects of phlebotomy and the cardiac life cycle. Students will review important topics including phlebotomy, pharmacology, the proper use, and administration of medications, taking and documenting vital signs, cardiology including proper lead placements, a professional workplace behavior, ethics, and the legal aspects of healthcare. This program includes 140 hours of classroom lecture and hands-on labs and a clinical externship opportunity at a local healthcare provider.
