

Texarkana College Community Education Allied Health Programs

Phlebotomy Technician Program with Clinical Externship

This 90-hour program prepares professionals to collect blood specimens from clients for the purpose of laboratory analysis. Students will become familiar with all aspects related to blood collection and develop comprehensive skills to perform venipunctures safely. Coursework includes terminology, anatomy and physiology, blood collection procedures, specimen handling, hands-on practice, and training in puncture techniques.

Internet Access Requirement

All students must have access to the internet during the course for communication purposes. Texarkana College utilizes Microsoft Teams and other online platforms to share course materials, provide updates, and facilitate communication between instructors and students. Reliable internet access is essential for successful participation in the program. Students are welcome to use the Texarkana College Academic Commons Wi-Fi to meet this requirement.

Clinical Externship

This program includes an 80-hour clinical externship opportunity. To be eligible, students must successfully complete the 90-hour program, submit to a background check, drug screening, and meet all other requirements.
